Tuscany Collection: Bleached Cotton Batting
da: Hobbs Bonded Fibers

Modello: STOLEG-TBBRD-96-WHITE

Ideal for patchwork and backing your finished needlework projects prior to framing, to create a slightly padded effect. Hobbs 100% Cotton batting has a low loft and is best used in machine work. For hand sewing use this 100% cotton with no scrim binder added. Cotton is a natural and renewable, sustainable fiber that has been used in quilts for centuries. The cotton fiber is strong and yet soft and has proven itself to last. Quilts are not destined for a landfill, yet quilters are conscious of the environment and are making choices to ‘do no harm’ to the earth. The growth and processing of all natural cotton does not harm the environment. It is needle punched and there are no chemicals used.

The price is for a cut of about 240cm. x 100cm.
