How Does Your Garden Grow (Quilt)

Book by Barb Adams and Alma Allen. The two artists of Blackbird Designs present to us these projects which combine different techniques (cross stitch, applique, quilting etc.) with their habitual originality and elegance by giving to us a way to face the new trends of the creativity and not limiting them to only one domain.

In our catalog you will find all the materials (patchwork fabrics, threads, accessories) proposed in the book for the creation of these several projects.

**Price: € 11.85** (incl. VAT)
