Dentelle à l'aiguille ... une histoire de femmes

The research work realized from Béatrice Rodaro Vico is dedicated to lace. Béatrice is told in this pleasant volume that joins the history of a life with the passion for the embroidery.

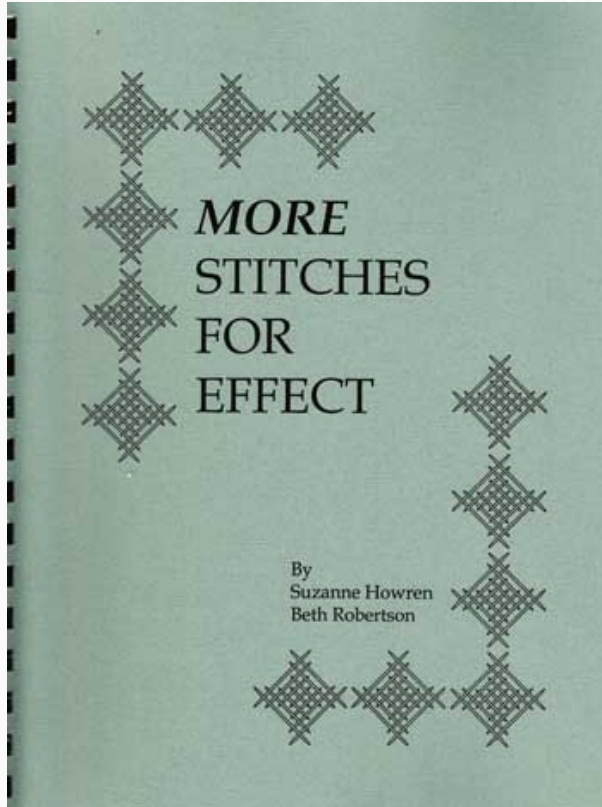

12 tables are included (as illustration) in order to create original designs or embroidery.

54 pages. in French

Price: € 12.00 (incl. VAT)

More Stitches for Effect

da: CasaCenina

Modello: LIBRAI-MORESTITCHES

More Stitches for Effect by Suzanne Howren and Beth Robertson expands on the first book. In addition to descriptions of many of the currently available threads, it has charts which suggest thread weights on various canvas meshes and fabrics. Then a number of stitches are given that augment those in Stitches for Effect. Like the first book, there are multiple indexes.

79 pages, wirebound paperback

Price: € 37.99 (incl. VAT)

Dutch Sampler motif

da: CasaCenina

Modello: LIBCEN-KARIN

Dutch Sampler motif

37 exclusive charts inspired by classic dutch samplers, but revisited with a modern touch and divided in 11 different themes, such as alphabets, meanders and all series of several charts to create your very own samplers! Signed by Beardie Designs and based on the historic dutch volume Merklap Motieven by Alberta Meulenberg-Nieuwburg, designer Karin Kersten owns one of the rare original editions and was inspired by it. You too can be inspired by these traditional designs, quick and easy to stitch!
