Nature's Home

By popular demand (and since many back issues are sold out), the bestselling *Nature's Home* Collectors' series is now available in a single 32-page publication. This original series was stitched on a 14 ct. green/beige Hearthside afghan, but you can also stitch it as a continuous design on a non-patterned fabric. Each of the 30 blocks is 97w x 97h Stitches with a total stitch count of 485w x 582h Stitches overall. The approximate design size of the complete design when stitched on 14 ct Aida or 28 ct fabric over 2 threads is 34 3/4"w x 41 1/2"h. We recommend that you allow 4" on all four sides for framing purposes, so you will need 1 1/2 yards of 14 ct Aida or 28 ct. ivory fabric that is at least 43" wide.
