

Cross Stitch Charts

Crab

da: Monica Crescini

Modello: SCHMCR-001DD

A selection of traditional embroidery patterns, though with a not-to-be-missed touch of modernity, for you to download and use for the most different creations. Here's what the designer herself is saying about them: "I have decided to design traditional embroidery patterns, for they're easy to stitch and can be interpreted with the stitches and the colors you love most. I like stirring your creativeness. Enjoy them and put yourselves to the test! The charts are digital delivered as PDF files and include: - in the first part, the picture of the finished work; - in the second part, the drawing to trace out; - in the third part, the instructions with: - final size; - the fabric used; - the designs part by part, with the explanations of the stitch used, the color number and the amount of plies used; - the picture of the stitch used and the connection to the video tutorial." Have fun!

Price: € 2.50 (incl. VAT)
